Ordering Prescription Safety Eyewear in Canada

When ordering Prescription Safety Eyewear in Canada you must take the following to an approved 3M_CIVEC (Quebec) dispensing location:

- Prescription Safety Eyewear Order Form (Issued Feb 2012)- one for each pair of glasses ordered.
 - Ensure the form is completely filled out, legibly, with all required information.
 - Your Supervisor's signature must be included on the order form(s) as this indicates to 3M/CIVEC that your order was approved.

Note- if any of this information is missing your order will be delayed.

- 3M_CP Rx Safety Eyewear Program Profile (Issued Feb 2012)
 - Two different Program Profiles exist- one for Canada excluding Quebec and one for Quebec.
 - Taking the appropriate Program Profile with you when submit your order will ensure it is processed in a timely manner.
- A copy of your eyewear prescription- it cannot be greater than 2 years old.

Note- your eyewear prescription and lens style must the same in your "Street"/"Dress" eyewear and your prescription safety eyewear.
